IT THAT WORKS FOR YOUR BUSINESS

Technology. Support. Data. All under one roof.

Advanced Software Ltd (ASL) provides practical IT solutions for businesses — from PCs and laptops to Microsoft 365, IT support, data management, backup and security.

NEED HELP WITH YOUR IT? • TALK TO ASL TODAY

ONE PARTNER. ALL YOUR IT NEEDS.

IT EQUIPMENT

PCs, laptops, monitors, printers, networking and business IT equipment supplied to suit your requirements.

IT SUPPORT

Straightforward remote and on-site support for computers, Microsoft 365, networks, servers, software and users.

MICROSOFT 365

Licensing, setup, user management and support across Outlook, OneDrive, SharePoint, Teams and Microsoft 365 Apps.

DATA MANAGEMENT

Organise, manage, access and protect the information your business relies on every day.

SECURITY & BACKUP

Practical security, backup and recovery solutions designed to help protect your systems and business data.

TECHNOLOGY SOLUTIONS

Advice, upgrades and implementation for businesses replacing ageing technology or planning for growth.

NEED NEW IT EQUIPMENT?

Don't just buy a computer. Buy the right solution.
ASL can supply and configure business PCs, laptops, high-performance systems, quality refurbished equipment, monitors, printers, networking equipment, storage and accessories. We'll match the technology to your users, software, workload and budget.

New or refurbished — we can help.

YOUR DATA MATTERS

Keep your business information organised, available and protected.
We can help with data organisation, storage, Microsoft 365 data, access and permissions, data migration, backup and recovery, helping you maintain better control over the information your business depends upon.

Organise • Protect • Access • Recover

FROM NEW COMPUTER TO ONGOING SUPPORT
